CAREER GUIDANCE PROGRAMME

Dear Parents,

Globalisation along with rapid advances in technology have thrown open a plethora of new career options to the youth.

This reality has created the need for Career Guidance to be an integral part of the education system. “The best way to choose a career is to be more informed”.

To this end, we have invited Young Buzz India Ltd to guide our students to set and achieve their career goals.

Most importantly, Young Buzz Career Guidance Program is an on-going process, whereby once a child undergoes their program, they give free guidance till he finds a career – path.

The Young Buzz Career Guidance experience will include :

- Day 1 : a) Workshop on Career Planning & Goal Setting : Students will be made to understand the importance of setting goals and planning their career.
b) Aptitude – Interest – Personality Testing : Helps the students identify their strengths, interest areas and personality vis-à-vis their career.

Day 2 : Group Discussion of the Report : The counsellor helps the students become aware of their potential and opportunities, to make an informed career choice from several career options based on what their tests have revealed.

Day 3 : a) Individual Counselling : Each parent will be given 20 minutes with the counsellor. An in-depth discussion on Test Results, Personal Aspiration and Goals are discussed to chart out a final career path and to select sixth subject for ICSE 2012.
